INNOVATIONS ADVANCING PRODUCTIVITY, PROFICIENCY, AND PROFITABILITY

Vol. 35 No. 03

dipmagazine.com

Will technological advancements or business compatibility prevail for digital impressions?

CANDULOR USA
Add characterization to your dentures with Aesthetic Denture Wax.

23.9%

Laboratories working with dentists who own a digital impression-taking device.

BOOMERANG DENTAL LLC:
Link key implant technologies to produce a surgical implant guide.

CLON3D
Digital impression-taking device that connects to any laptop.

WAXING GINGIVAL

Robert Kreyer Jr., CDT, demonstrates his technique for adding natural-like characterization to dentures.

UNIVERSAL ESTHETICS

Arlo King, CDT, shows how Ceramco iC is optimal for use with both metal-based and all-ceramic restorations.

HIGHER PRODUCTIVITY = BIGGER PROFITS

Chuck Yenknor outlines six steps you can take to help your business produce more with less labor.

29+
new products

Find out about Amann Girrbach's Ceramill Motion CAD/CAM system and our other cover products on **page 4**, plus introductions from Ivoclar, Astra Tech, Zahn, and others throughout this issue!

12 The next leap in digital impressions may not be in the technology itself, but in business models that allow labs to help drive the trend without driving themselves out of business.
